TO: Lois A. Elliott-Wilson, Division of Water Supply  
Michigan Department of Public Health

FROM: Gary E. Guenther, Chief  
Environmental Response Division

SUBJECT: MERA Funds Authorization  
Residential Well, Nancy Drive, Washtenaw County

Your request for funds available under Act 307 PA 1982, as amended, has been approved in the amount of \$45,600. The project for which funding has been approved includes the extension and the connection of the Scio Township water main to 70 Nancy Drive of the above referenced site. In addition, the contaminated well will be abandoned and the property restored to its original condition as described in your work plan and fund request dated February 5, 1987. A copy of the approved fund request is attached. Any modification to the approved scope of work, schedule, and/or budget must receive prior authorization in the same manner as the original request.

The account and cost center number of this project is 3461-90100-715. This number must be used for recordkeeping purposes including supply and equipment purchases, and contractual payments for work associated with this site as included in the approved fund request.

The Legislature has required that monthly reports of site progress and expenditures be prepared and submitted. The attached monthly progress report form should be completed and forwarded to Site Assessment Unit by the tenth (10) of each month. A final report of accomplishments, expenditures, and recommendations of future actions will be required at project close-out.
